Notes

OR placements are approved for the Swedish system. The OR Staff Development Specialist will schedule approved placements throughout the various ORs for the Medical Center. Clinical instructors are to contact Leslie Griffith ([Leslie.Griffith@swedish.org](mailto:Leslie.Griffith@swedish.org)) as soon as possible to the clinical session with a list of student names to establish an orientation schedule and to coordinate student OR assignments. Swedish Health System ORs have capacity for 24 student observation days per academic term. Student placements are available for students who specifically want the observation. Preference of placement goes to students with the most experience and time in nursing school. Students must be willing to go to Issaquah. Instructor must be available to the OR if needed while student is present.

For approved placements, by school, 1 observe = 1 student observation day xs 2 days.

Northwest University students (except those in senior preceptored experiences) are not in clinical settings on the following holidays and academic breaks: September 6 and November 25-26, 2021, January 17, February 21, March 7-11, April 14-15, 2022.
